

INDONESIA

HOSTED BY THE UNIVERSITY OF INDONESIA

The Indonesia National Network focuses on promoting membership programs, strengthening member organizations' awareness on the SDGs, and campaigning towards their SDG-focused achievements.

LOOKING BACK

Our focus areas were capacity building and collaboration between member organizations.

NETWORK ACHIEVEMENTS

PUBLIC DISCUSSION SERIES

In 2019, we partnered with @america (US Cultural Center) to host a series of public discussions from September to November, to showcase our member activities and achievements.

Since COVID-19 has presented disruptions to our forums, we have moved online to host Instagram Live discussions. The discussions promote member organizations' work and achievement towards the SDGs.
